

# PIRATE INVASION INSTRUCTIONS

## YOU WILL RECEIVE:

- 1.0 HP Blower Motor
- Rolled up inflatable  with zipper
- (4) Stakes (if on grass)  
Call "Miss Dig" before pounding stakes if you are unsure about power lines or sprinkler systems: 1-800-782-7171
- Tub with Supplies, Blasters & 20 target balls
- If on asphalt, weight anchors & tarp
- (2) Extension cords

## YOU NEED:

- Dedicated 15 amp circuit.
- Adult operator who enforces all rules.

**NEVER**  
Set up or operate  
in rain or high  
winds exceeding  
15 mph!  
**SAFETY  
FIRST!**

# Installation and Set-Up

Area must be dry and free of debris (ie: sticks, stones, broken glass, etc.)

- 1) Position on a flat area approx. 20' x 20'. Unroll - you will be unrolling from the back to the front.

- 2) Insert blower in tube. Use the tube that is closer to the power source, maximum of 50 feet. Tie off the other tube securely. (If not tied already)

- 3) Turn on blower and leave running for period of use. (inflation takes about 5 minutes)

## 4) Unit must be anchored!

Hammer stake into ground and then tie strap from unit to anchor.

Stake should be within 12 inches from unit to prevent tripping.

To test anchor, pull up with a firm lifting force to assure it is secure.

# Proper Deflation and Return

Remove all nerf balls, take out stakes and unplug blower. Remove tube from blower and open other tube for deflating only. (Open zipper if your unit has one.)

Fold into thirds.  
**ROLL FROM FRONT TO BACK**  
(helps air escape through tubes as you roll it up)

# Have a FUN and Safe Event!

## PATRON RESPONSIBILITY

There are risks in the participation in or on any amusement ride, device or attraction.

Patrons of an amusement ride, device or attraction – by participation – accept the risks which are posted.

Patrons have a duty to exercise good judgment and act in a responsible manner while using the amusement attraction and to obey all oral or written warnings, prior to and during participation.

Patrons have a duty to not participate on any amusement device or attraction while under the influence of drugs or alcohol or due to health conditions.

Patrons have a duty to properly use all safety equipment provided.

1. Run power cord out through hole on bottom of tub.

2. Connect plastic "Y" connector to blower through hole in bottom back of tub with bolt provided.

3. Screw yellow cannons on to white pieces on top of black tub.

4. Connect black tubing of blasters to "Y" connection.
