

Wet Policy for Inflatables

We charge a \$75.00 cleaning fee if you return a wet and/or muddy inflatable.

DO NOT USE IN RAIN: a wet bounce house is slippery increasing risk of injuries.

Deflate and roll up the unit or cover with a tarp. Also deflate during **HIGH WINDS** (15 mph+)

The inflatable can **NOT** remain outdoors overnight – it will end up **WET!** The inflatable should be deflated, rolled and covered with a tarp (or moved inside) **EVERY** night before sunset (dew=a wet inflatable) Moisture ruins the vinyl.

Refer to set up instructions for further instructions.
